HOW TO USE THIS DOCUMENT

Sam Electronics: company facts

This document collects every fact about the business gathered so far, from the owner's survey and follow-up review, the client log, the design briefs (v1 to v4), the Round 4 Director's Edition and all project conversations. Use it for every real text on the website (about, contact, footer, hours, product lists) and as the base for the future database and Control Room.

Label	Meaning
CONFIRMED	Given or confirmed by the owner. Use as is.
TO CONFIRM	Known but not yet confirmed, or two versions exist. Use the value shown, keep it easy to change, and list it for the owner before launch.
SAMPLE	Placeholder data used in the designs. Always marked as sample on the site until real data replaces it.

> Privacy: this document contains the owner's real business details for the website. The IB Computer Science IA must stay anonymous (the IA refers only to "the client"), so do not copy this document into the IA.

9. What the owner asked for (survey and follow-up)

Topic	His answer	Status
Main goal	In his words (Arabic original in the client log, UPD-025): a professional store, a distinctive website and an integrated, smart management program	**CONFIRMED**
Problems to solve	No single place where customers find everything · unprofessional image (no website, no online marketing) · hard to find information quickly and produce reports · hard to track orders · pricing mistakes (wholesale vs retail, discounts, currency) · too many disconnected tools · hard to keep continuous contact with customers. Problems happen almost daily and are “major”.	**CONFIRMED**
Current tools	WhatsApp / phone for orders, email, spreadsheets, and Daftra (cloud accounting). No website, no online catalogue.	**CONFIRMED**
Importance	Branding: critical · Automation: critical · Roles and permissions: very important · must work on phones and computers · moderate cost is fine · willing to learn a complex system	**CONFIRMED**

Topic	His answer	Status
Look and feel	Clean and minimal, professional and trustworthy, modern and striking, friendly and approachable	CONFIRMED
Design reference	gsmpartscenter.com (structure reference only; never copy it)	CONFIRMED
Wanted features	Everything listed: website, catalogue, ordering, internal management, calculator, tracker, database, app, reports, search and filters, accounts, forms, uploads, calculations, alerts, integrations, multi-language	CONFIRMED
Integrations later	Daftra, WhatsApp/SMS, email, payments, cloud storage	CONFIRMED

10. Business rules

Rule	Status
Every product has a retail price and a wholesale price. The wholesale price can never be higher than the retail price.	CONFIRMED
Retail prices are public. Wholesale prices are shown only to approved trade accounts (“Trade price available: apply for a trade account”).	Public retail TO CONFIRM
Low-stock alert when quantity falls below the minimum stock level (default 5; exactly 5 does not alert).	CONFIRMED
Employees can view and search products, record stock movements and see alerts and reports, but cannot change prices, delete products or manage users. Only the owner can.	CONFIRMED
Every stock movement is stored with date, user, quantity and reason. A stock-out larger than the stock is rejected.	CONFIRMED
Permissions are enforced on the server, never only hidden in the interface.	CONFIRMED
VAT: UAE 5%. Do displayed prices include VAT?	TO CONFIRM
Warranty periods per grade and per repair.	TO CONFIRM
Online payment and delivery checkout are not live at first: the cart becomes a work order sent to the team (WhatsApp or form).	CONFIRMED
Honesty: no fake reviews, no fake staff photos, no invented prices presented as real. Sample data is marked as sample; empty states look intentionally “not yet filled”.	CONFIRMED

11. Sample data used in the designs

These numbers appear in the approved designs. They are **SAMPLE** values and must be labelled as sample until real stock replaces them. Keep them consistent everywhere (the same part shows the same number on every section).

Part family	In stock	Brands	“From” price (hero only)
Screens	2,211	14	AED 70
Frames	464	14	AED 60
Flex cables	1,629	14	AED 25
Logic boards	461	14	AED 25
Batteries	1,760	14	AED 35 (one older card said AED 45: use 35)
Cameras	566	11	AED 130
Small parts	377	14	AED 25
Back glass / back covers	1,698	14	AED 30

- Totals shown: 8 layers · 14 brands · 9,000+ parts (sample).

- The teardown shows no prices; the hero reel and the iPad show sample prices.
- Sample product names in the iPad (for example “iPhone 14 Pro Screen · AED 195”) are illustrative only.

14. Questions for the owner (before launch)

1. Which store phone is current: +971 4 273 3031 or +971 4 266 0958?
2. The full brand list: are POCO, Vivo, Honor, Google, Sony, Tecno and Infinix all stocked? OnePlus, Nokia, Motorola?
3. Which grades exist for each brand and part?
4. Warranty period for each grade, and for repairs.
5. Which repairs are offered (charging ports, cameras, board repair)? Are same-day repairs possible?
6. Are retail prices shown publicly? Do prices include 5% VAT?
7. Trade accounts: the minimum order and the price tiers (10+, 50+, 100+, 500+?).
8. Shipping: couriers, delivery times, how many countries, minimum order.
9. The team: names, real role titles (merge the two lists in section 7), years with the company, photos.
10. Timeline: confirm the years and supply photos of each shop.
11. Madrid: expected opening date and address when known.
12. Sam Circuit: which perks for each tier.

13. Ramadan and holiday hours.
14. Is the logic board sold as a product?
15. The Google review link, the website domain, the logo SVG files, and real product photos.
